

Uralkali: A Leader in the Global Potash Market

**FY 2011 IFRS Results and
Potash Market Overview
Conference Call**

11 April 2012

Disclaimer

This presentation has been prepared by JSC Uralkali (the «Company»). By attending the meeting where the presentation is made, or by reading the presentation slides, you agree to the following limitations and notifications.

With respect to any information communicated by the Company, its agents or its representatives (including its directors, officers, employees, members, attorneys, advisors and any affiliates) to you or your agents or representatives (including any directors, officers, employees, members, attorneys, advisors and affiliates), directly or indirectly, whether in written, oral, visual, electronic or any other form, during or constituting the whole or part of this presentation or any presentation meeting or any conversation or discussion relating to or held in connection with this presentation, or any opinion expressed in respect of such information (the "Information"), such Information may not be reproduced, redistributed, passed on or otherwise disseminated to any other person, directly or indirectly, whether in written, oral, visual, electronic or any other form, for any purpose.

The Information communicated does not constitute or form part of, and should not be construed as, an offer, solicitation or invitation to subscribe for, underwrite or otherwise acquire, any securities of the Company or any member of its group nor should it or any part of it form the basis of, or be relied on in connection with, any contract to purchase or subscribe for any securities of the Company or any member of its group, nor shall it or any part of it form the basis of or be relied on in connection with any contract or commitment whatsoever. Any person considering the purchase of any securities of the Company or any member of its group must inform himself or herself independently before taking any investment decision. The Information communicated has been provided to you solely for your information and background and is subject to amendment. Further, the Information communicated has been compiled on the basis of information from a number of sources and reflects prevailing conditions as of its date, which are subject to change. The medium through which the Information is communicated constitutes neither an advertisement nor a prospectus. The Information communicated has not been independently verified. The Information communicated is subject to verification and amendment without notice and the Company is not under any obligation to update or keep current the Information.

Accordingly, no representation or warranty, express or implied, is made or given by or on behalf of the Company or any of its directors, officers, employees, members, attorneys, advisors, affiliates or any other person as to the correctness, accuracy, currency, completeness, adequacy, usefulness, reliability, fairness or otherwise of the Information communicated, and any reliance you place on such Information will be at your sole risk. Neither the Company nor any of its directors, officers, employees, members, attorneys, advisors, affiliates or any other person accepts any liability whatsoever for any loss howsoever arising from any use of the Information communicated.

To the fullest extent permitted by applicable law, the Company shall not be liable for any compensatory, punitive, special, consequential or other damages, any loss of income or revenue, any loss of business, any loss of anticipated savings, any loss of goodwill, or any other losses, liabilities, expenses or costs of whatever nature arising from or attributable to your access to, or inability to access, or reliance on Information even if the Company has been advised of the possibility of such damages, losses, liabilities, expenses or costs.

Some of the Information may constitute projections or other forward-looking statements regarding future events or the future financial performance of the Company. These statements involve numerous assumptions regarding the present and future strategies of the Company and the environment in which it operates and will operate in the future and involve a number of known and unknown risks and other factors that could cause the Company's or its industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. Accordingly, the Company provides no assurance whatsoever that its or its industry's actual results, levels of activity, performance or achievements will be consistent with the future results, levels of activity, performance or achievements expressed or implied by such forward looking statements. Neither the Company nor any of its directors, officers, employees, members, attorneys, advisors, affiliates or any other person intends or has any duty or obligation to supplement, amend, update or revise any of the forward-looking statements contained herein to reflect any change in the Company's expectations with regard thereto or any change in events, conditions or circumstances on which any such statements are based.

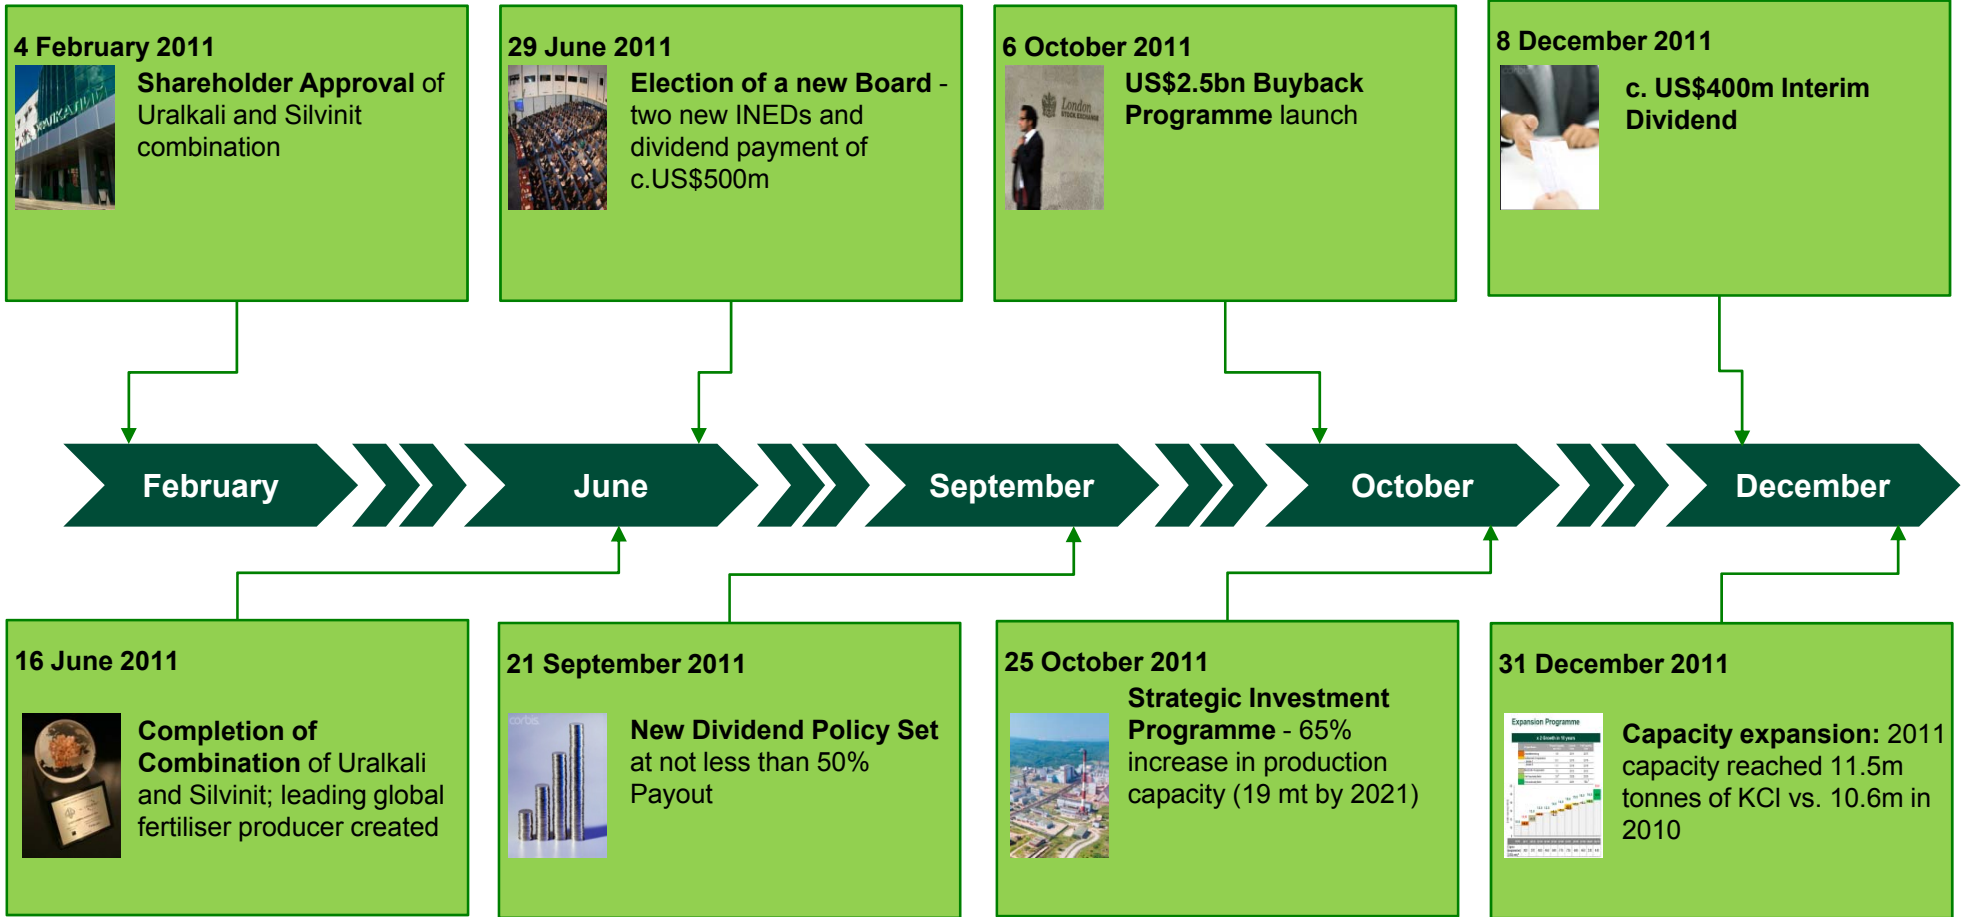

Multiple factors could cause the actual results to differ materially from those contained in any projections or forward-looking statements, including, among others, potential fluctuations in quarterly or other results, dependence on new product development, rapid technological and market change, acquisition strategy, manufacturing risks, volatility of stock price, financial risk management, future growth subject to risks of political instability, economic growth and natural disasters, wars and acts of terrorism.

Agenda

- 1. A Leader in the Global Potash Market**
- 2. Financial Highlights**
- 3. Potash Market Update**
- 4. Conclusions and Outlook**

2011 - Transformational Year

2011: Truly Transformational Year That Positioned Uralkali for Global Leadership and Future Growth

A Strategy to Deliver Future Growth

1 Pure-potash focus and industry leadership	<ul style="list-style-type: none"> Focus on potash – nutrient which represents strongest investment story across fertilizer sector Aspire to strengthen leading global position supporting sustainable developments to global food supply
2 Capacity expansion to meet growing demand	<ul style="list-style-type: none"> Value accretive investment program to selectively expand production capacity Strategy of matching supply to demand
3 Robust capital structure	<ul style="list-style-type: none"> Retain robust capital structure (net debt: LTM EBITDA - 1.0x-2.0x) Maximize shareholder return through balanced approach to investing in organic growth and return of excess liquidity
4 Maximize efficiency through competitive cost position	<ul style="list-style-type: none"> Maintain and enhance position as one of the lowest cost potash producers globally Continuous improvements in operational efficiency and realization of synergies from combination with Silvinit
5 Focus on people and communities	<ul style="list-style-type: none"> Position Company as employer of choice amongst CIS mining companies Labor safety / employee development / community development
6 Promoting environmental safety	<ul style="list-style-type: none"> Delivering value whilst operating in a socially responsible manner Minimization of environmental impact of our operations
7 Leading corporate governance standards	<ul style="list-style-type: none"> Principles of openness, transparency and risk mitigation for all stakeholders Continuous improvement in our leading corporate governance standards

Clear Strategic Roadmap to Drive Longer Term Value Creation and Capital Discipline

Uralkali – A Leader in the Global Potash Market

Largest Global Potash Producer

Source: Companies financial reports, IFA, National Bureau of Statistics of China
 Note:
 1. Mosaic production excluding share produced under toll agreement with PotashCorp

Largest Player by Capacity

Global Market Leader by Both Production and Capacity

Source: Companies financial reports, IFA, National Bureau of Statistics of China, FMB, Fertecon, VTB Capital Research

Expansion Programme

Strategic Capacity Expansion to Meet Growing Demand

Asset Scale

- JORC resources of 8.6Bnt
- Including 4.4Bnt at Ust-Yayvinsky and Polovodovsky blocks

Attractive Mine Fundamentals

- Shallow mine depths (300-450m)
- Infrastructure already in place
- Strong geology, mining expertise

Cost Advantage

- Brownfield – c. US\$420/t³
- Greenfield – c. US\$750/t³
- Potash price to justify investments – c. US\$230/t⁴

	2011	2012F-2014F	2015F-2017F	2018F-2021F	Total
Capex (expansion) (US\$bn)	0.3	1.2	2.3	1.9	5.8

Sustaining long-term leadership on the most cost effective basis in the industry

Note:

1. Including 0.5 mln tonnes of additional capacity and 2.3 million tonnes of new capacity that will substitute the depleting capacity of Berezniki-2 mine
2. Capacity is given as of the year end
3. Weighted Average Cost
4. Required Rate of Return 15%

Agenda

1. A Leader in the Global Potash Market
2. Financial Highlights
3. Potash Market Update
4. Conclusions and Outlook

Financial Statement FY 2011 – Alignment of Reporting Standards

CHANGES IN REPORTING STANDARDS AS OF 2011

Changes in reporting

- Financial reporting in US Dollars
- Key numbers on Q-Q basis
- Prices on FCA basis to avoid difference of sales terms between Uralkali and Silvinit

CONSOLIDATION OF SILVINIT

Balance Sheet

- Purchase price allocation
- Goodwill of US\$ 1.8bn – excess of consideration over the fair value of assets and liabilities
 - Intangible assets of US\$ 5.6bn – operating licences of Silvinit

P&L, Cash Flow

1. Consolidation starting 17 May 2011, when Silvinit ceased to exist as Russian legal entity:
 - Financial Statement includes 7.5 months of Silvinit operations
 - Pro-forma numbers include 12 months of Silvinit operations → more representative for results of the Combined Company
2. Significant non-cash items:
 - Amortization of licenses – US\$ 202mln¹
 - FX effect and realization of swap - US\$ 140 mln¹

Further increasing transparency and disclosure standards

Key Financial Highlights – FY 2011

Key Figures

(US\$ mln)	Pro-forma FY 2011 ¹	FY 2010 ²	Change %
Sales volume, 000 tonnes	10 648	10 004	6%
- Domestic sales	1 871	1 695	10%
<i>Sales for local consumption</i>	558	475	
- Export sales	8 777	8 309	6%
Net revenue ³	3 568	2 487	43%
EBITDA ⁴	2 459	1 403	75%
EBITDA margin ⁵ , %	69%	56%	
Net Profit	1 527	929	64%
CAPEX	444	444	
incl. Expansion	247	197	

Key Highlights^{1,2}

Average export potash price, FCA

Net Revenue³

FY 2011 Market mix

EBITDA⁴

2011: Stronger Pricing and Profitability

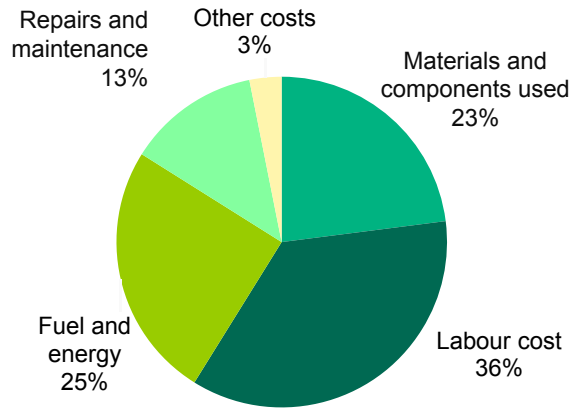

Notes:

1. Uralkali financial results for the 12 months ended 31 December 2011 including Silvinit results starting from 1 January 2011
2. Pro-forma FY2010 is calculated as Uralkali financial results for FY2010 + Silvinit financial results for FY2010
3. Net revenue represents adjusted revenue (sales net of freight, railway tariff and transshipment costs)
4. EBITDA is calculated as Operating Profit plus depreciation and amortization and does not include mine flooding costs
5. EBITDA margin is calculated as EBITDA divided by Net Sales

Review of Cost Structure FY 2011¹

Cash COGS²

Global Cash Costs

Unit Cash COGS

Unit cash COGS – 55 US\$ per tonne, one of the lowest across the industry

Notes:

1. Consolidated Financial Statement for FY 2011
2. Adjusted for COGS of finished goods transferred from Silvinit
3. EBITDA margin is calculated as EBITDA divided by Net Sales

Review of Cost Structure FY 2011 (2 of 2)

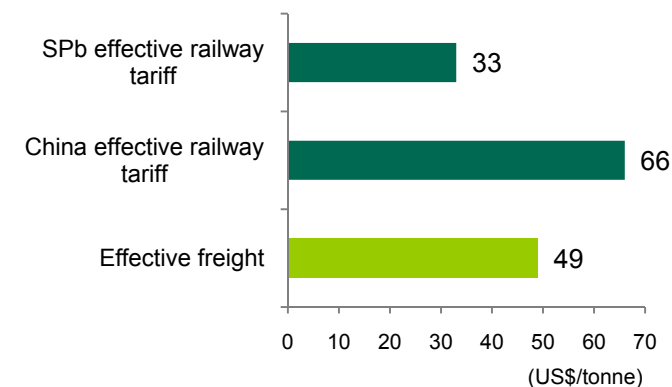

G&A Costs¹

Cash S&D Costs²

Effective Railway Tariff & Freight²

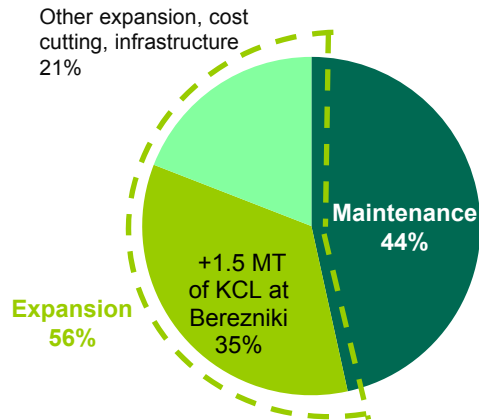

Global cost leadership through optimization and delivery of synergies

Capex, Cash Flow, Balance Sheet FY 2011¹

Capex , Operating Cash Flow , Balance Sheet

(US\$ bn)	31 Dec'11
Debt (<i>bank loans</i>)	3 282
Cash	1 018
Net debt/(cash)	2 264
EBITDA ²	2 459
Net Debt / LTM EBITDA	0.9x

- Loan portfolio parameters as of Mar'12E:
 - c.100% of debt exposure is in US Dollars
 - Effective interest rate as of 31 Dec 2011 – 3.3%
 - Target Net Debt/LTM EBITDA ratio of 1.0–2.0x

Dividends and Buy-back update

• Dividends for 2011:

- + Interim – c. US\$ 0.7 per GDR
- + FY 2011 – c. US\$ 0.7 per GDR (recommended by the BoD on 10 Apr'12)

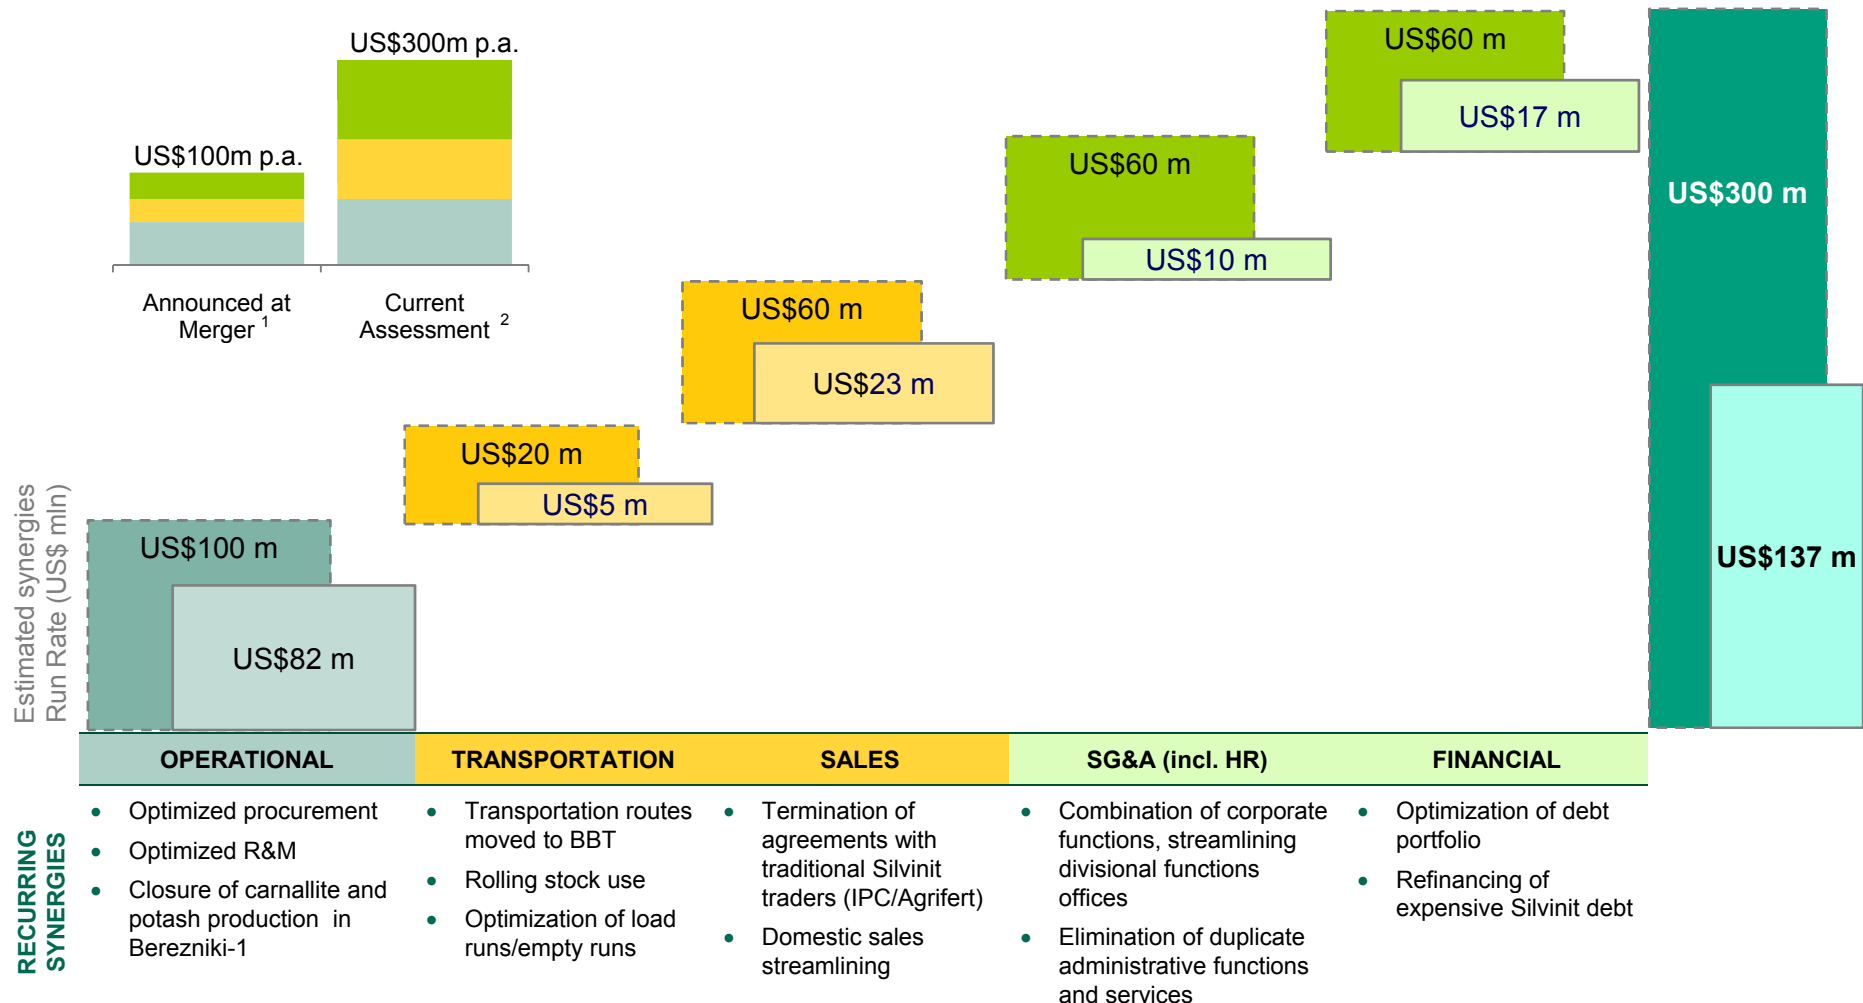

• Buy-back:

- 6 Oct'11: approval in the max amount US\$2.5bln, valid till Oct'12
- c. US\$404 mln completed to date
- Effective buyback price³ - US\$36.2/GDR

Robust capital structure, stable cash-flow generation, attractive dividend policy

- Note: 1. On a pro-forma basis
 2. EBITDA is calculated as Operating Profit plus depreciation and amortization and does not include mine flooding costs
 3. Average buyback price calculated as total value acquired divided by total number of GDRs and shares (converted to GDRs at 5:1)

Extracting Value through Synergy Realisation

Updated synergy effect estimates suggest annual synergies of c. US\$300m p.a. by 2013

Note:

1. Net of expected implementation costs
2. Gross of implementation costs of US\$42.5m (of which US\$17m was spent in 2011)

Run Rate (2013 onwards)
 Achieved in 2011

Agenda

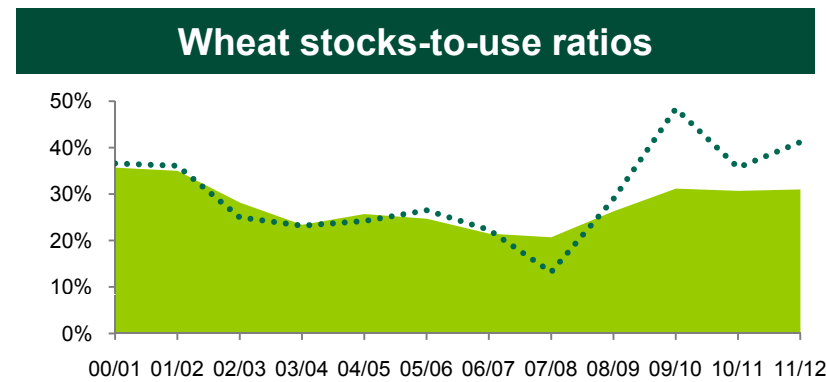

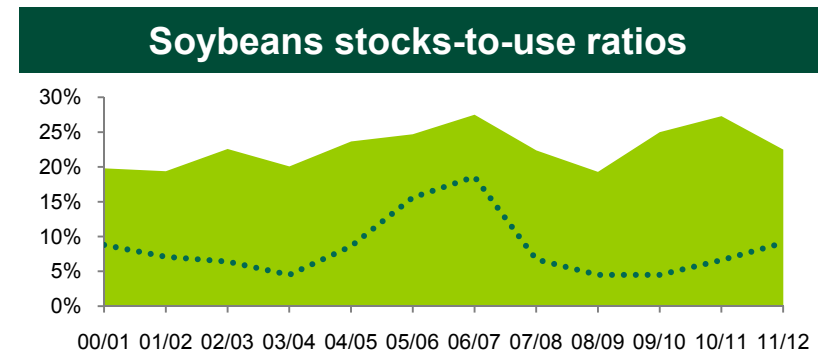

1. A Leader in the Global Potash Market
2. Financial Highlights
3. Potash Market Update
4. Conclusions and Outlook

Crop Prices Stay High

Source: CBOT, Bursa Malaysia

- Agricultural commodity prices remain at historically high level due to a rise in global consumption and falling grain stocks
- Volatile market due to possible supply disruptions/weather conditions

Source: USDA

Farmers' EBITDA margins

Corn, USA

Soybeans, Brazil

Wheat, Poland

Palm oil, Malaysia

Fertilizer Pricing Supported by Farmer Economics

Global Potash Export Trade 2011

Suppliers' market shares in global potash export¹

Global market share leadership sustained in 2011

Source: IFA, Companies' reports, BPC

Note:

1. For the purposes of this chart the US is considered as domestic market for the North American producers
2. Together with Uralkali Trading S.A.

Global Potash Inventory¹

Source: BPC estimates

- We expect global inventories to get depleted during spring application in S.East Asia, Latin America, N. America, and Europe followed by restocking

Notes:

1. Inventory doesn't include domestic potash producers' stocks, excl. China
2. Including domestic producers' stocks, port stocks, pile channels stock, NPK warehouse stock and on-the-way cargo

Supply/Demand Dynamics 2001-2012F

Source: IFA, BPC estimates

- In 2012, world potash consumption is expected to reach 56-58 MT
- Potash deliveries are estimated in the range 53-55 MT depending on macroeconomic environment and the Indian contract settlement

Market update: China and India

China Potash Demand 2000-2012F

Source: IFA, BPC estimates

China:

- China imported close to 7MT in 2011, the highest level since 2007.
- The timely signing of contract for Q2/12 - positive for the market
- Inventories decreased from 4.0-4.5 MT at the end of 2011 to 2.8-3.0 MT by the end of Q1/12.
- 2012 demand outlook is positive with prospect to exceed 2011 level

India Potash Demand 2000– 2012F – Net Importer

Source: IFA, BPC estimates

India:

- 2011 imports were at the lowest level since 2009
- Indian government approved proposal to cut fertilizers subsidies for FY2012/13
- The new contract is expected to be signed in 2H12, the terms and duration remain to be negotiated

Market update: Brazil and S. East Asia

Brazil Potash Demand 2000-2012F

Source: IFA, BPC estimates

Brazil:

- Brazil imported record 7.4 MT in 2011
- Good demand is expected in 2012 (concentrated in May-Oct)
- Inventory at 1.0-1.2 MT by the end of Q1/12
- Price has a growing potential

S. East Asia Potash Demand 2000-2012F- Net Importer

Source: IFA, BPC estimates

South East Asia:

- 2011: a record year in terms of import volumes – exceeded 10 MT of potash, 27% increase yoy
- Slightly elevated inventory levels due to accelerating buying in 2H11 and bullish pricing expectations
- Consumption is expected to be strong

Market update: EMEA and N. America

EMEA Potash Demand 2000-2012F

Source: IFA, BPC estimates

EMEA:

- 2011: demand went down ~10% yoy to 11 MT due to sovereign debt concerns putting pressure on demand worldwide
- Late demand and weakness seen over recent months may limit demand growth for 2012
- Farmers' profitability is robust

N. America Potash Demand 2000-2012F

Source: IFA, BPC estimates

N. America:

- 2011: demand below expectations due to deterioration in global growth expectations, caused by turmoil in Europe and slowdown in the US
- According to the USDA – record corn acreage is expected, the highest level since 1937. This should be supportive to fertilizer consumption
- 2012 demand is expected to be lower than in 2011 due to very low buying activity in 1Q 2012

Potash Prices Remain Stable with Upward Momentum

Source: FMB

- Potash prices remain stable in most key markets
- Q2'12 China contract settled at \$470/t CFR, the price established a floor for the global potash market
- India contract expected to be concluded in the 2H 2012
- Potash demand is expected to pick up following the China contract

Potash Market Outlook

- Fundamentals continue supporting potash market:
 - despite continued macroeconomic volatility, crop prices remain at historically high levels
 - farmers continue to increase production to capitalize on the economic opportunity in agriculture
- We expect potash consumption to range 56-58 million tonnes with deliveries 53-55 depending on macroeconomic environment and results of negotiations with India and China for next contract
- Given healthy farmer profitability for key crops around the world, seasonal improvement in potash demand, and contract settlement with China, we anticipate potash prices to see upward momentum from 2H2012

Agenda

1. A Leader in the Global Potash Market
2. Financial Highlights
3. Potash Market Update
4. Conclusions and Outlook

Conclusion and Outlook

A Leader in the Global Potash Market

- #1 in global potash production
- Leading player in potash export market
- Amongst the lowest cost producers and further synergistic potential
- Attractive portfolio of cost-advantaged brownfield projects + large-scale greenfield opportunities

Sustainable Superior Performance

- EBITDA margin – 69%¹
- Cash COGS per tonne – 55 US\$¹
- Optimized low interest rate debt portfolio
- Synergetic effects materializing with increased target of US\$ 300 mln

Potash Market Update

- Industry fundamentals are highly attractive with favourable demand growth prospects
- Crop prices expected to stay elevated
- Global potash consumption expected to range between 56-58 MT in 2012

Further Improvement in Governance

- High calibre international INEDs elected to the Board
- New dividend policy (min. 50% payout) benefits all shareholders

Focused on delivery of growth to drive shareholder value

Thank You!
